Sales Representative

Description

Are you an experienced industrial sales rep selling in the automotive or aerospace industries?

Are you considering a move to a company that values its employees AND leads the industry in client satisfaction? If so, this opportunity could be for you.

Our client has 50+ years representing top lines of industrial lines to manufacturers throughout the USA. Top industries serviced are automotive and aerospace. You could be working for an ESOP company meaning it is employee owned! Employee satisfaction is statistically higher at companies with this structure.

Qualifications

Successful candidates will possess:

- 3+ years industrial selling experience preferably in adhesives, sealants, and coatings
- Sales experience selling to the automotive industry or aerospace industry-preferred
- Ability to travel overnight up to 50%
- Ability to work independently once trained
- A positive and "can-do" attitude
- Desire to work for a company with a positive, employee-centric culture

Job Benefits

Compensation includes a base salary plus quarterly bonuses for a first-year total between \$85,000-95,000. Medical benefits, dental/vision optional, travel expenses covered.

Contacts

If you have the above experience, please send your resume in WORD format to cindy <at symbol>sales-executives.com.
